CLAY CITY, KY., THURSDAY, MARCH 2, 1911.

NO. 9

Died in Indiana.

Enoch Spry was born in Estill county, Ky., Dec. 24, 1830; Died at the home of his daughter, Mrs. Eliza Kight, Fair Oaks, Ind. Feb. 19, 1911, aged 80 years. He was a son of John and Melvina J. Spry, and one of nine children, 4 boys and five girls. He was married to Mary Burton in the year 1850 and moved to Kankakee, Ill. in the fall of 1855 with Wm. and Mart Burton's families being six weeks on the road. He moved to Beaver Lake, Ind. in 1867. Three children were born to this union Eliza and Elizabeth, who died at 11 years old, and William B now of South Dakota, and Annie an adopted daughter.

Mrs. Syry died Aug. 31, 1894. Burial in the Lake Village cemetery beside his wife in the family lot after appropriate funeral services Feb. 22, 1911.

J. S. Daughettee,
Medaryville, Ind.

March 1st, moving time is here. There will at this time be hundreds of dollars worth of moving done and in twelve months time it will not profit half the movers 10 cents. A good motto would be:

Move less, Save more,
Sleep less, Work more,
Travel less, Don't roam,
Spend less, Buy at home.

Harvester Trust Fined.

The International Harvester Company, of Chicago, was last week fined \$2,500 for violating the anti-trust law in Oldham county.

There is Only One Pine-Tar-Honey This is Dr. Bell's. It is the original and can be relied on in croup, coughs, colds and all lung and bronchial troubles. Look for the bell on the bottle.

Protect our Bridges.

The county authorities will look well into the reckless habit some people have in the county driving over the county bridges in a faster gait than a walk. Nothing wrecks a bridge up worse than fast riding or driving over them the builders tell us. The law provides a fine of \$5.00 for this and the law should be enforced. Perhaps many of those who have this habit do not know it is a violation of the law. The writer has called several citizens attention to the law and all have said they did not know it was a violation of the law, but still they do not heed. If one or two were fined it would probably make the offenders of this law remember better.

Registrars Appointed.

Dr. Wm. C. Martin has been appointed local registrar of vital statistics. His territory embraces, besides the city and the voting precinct of this city, Hardwick's Creek and Varden precincts. Drs. Johnson and Knox have been appointed registrars for the territory above Clay City. The law requires that no bodies shall be buried without a permit from the local registrar, neither shall a dead body be removed without a like permit. All births shall also be reported. Every physician, midwife and undertaker shall register his or her name and address with the local registrar before any further practice.

Mrs. M. H. Courtney, of Winchester is the guest of Mrs. A. T. Whitt.

For Sale.

Farm of 44 acres and 9 poles 1 1/2 miles from Clay City. Good buildings, well watered, close to church and school. Lot of the timber on place and more coming on.

ONE GOOD ROADS ASSOCIATION

Formed and Work in Earnest Begun.

The editor of the Times believes in "practicing what he preaches" so we have been road-working two days of this week. Elder Geo. W. McIntosh, Geo. S. Ware, merchant of Spout Spring and said editor have entered into a compact to improve the roads between Spout Spring and the bridge about half the distance between the two places. Friday afternoon the preliminary work was begun when the writer with two hands and Jas. H. Crow and E. Martin both from Estill county met on what is known as plum creek hill in Powell county and began rocking a blue clay mud hole that had become impassable. After completing about two rods of good turnpike the boys adjourned to meet again Monday morning.

Early Monday morning the crowd assembled which consisted of two teams and five hired men to fix the hill to a finish. After thoroughly discussing the project they agreed to cut down the hill and fill in the low places so it will be a more even and gradual grade and to this end set to work each one of the three agreeing to stay with the job until it is rightly finished.

Of course we are expecting volunteers by the scores as that many and more are to use the good roads when finished and we might say here they can't use them until they are finished. Every body is interested and many will help. The people of Spout Spring are the most enterprising in this section of the state and have set their heads to have a good road to Clay City and persons who know them, know they will do it. An association is being formed which means business. Three-fourths of this good road will be in Powell and one-fourth in Estill county, but we must shamefully say the Estill fellows are doing most of the work. Other parts of Powell must get a move on and get these fellows downed. Who will help us do it.

These Spout Spring people—Estill people—feel that while they are not in the same county as Clay City this city is their home town and are anxious to see the town grow and are determined to build a good road here. When they set their heads to get a bridge across the river they put up more money to build it than Powell county people did, and they got the bridge. They don't sit back and ask counties to do things for them, they go to work and get it and that is what they are going to do for their most important road. Then intend to complete this road and let the people see what it is to have one piece of good road and what it is worth to a community.

GOOD ROADS ASSOCIATION NOTES.

Not a hand living on the road was present.

We intend to give due credit to all who help on this piece of good road in these columns.

The work begun in Powell county, but one man was there

from the county and he was raised in Estill.

But few people knew of the new association and what they had decided to do, or there would have been more present.

When the work on Plum creek hill road is finished as begun, it will be 16 wide all the way and the grade will nowhere exceed 8 per cent.

It has been demonstrated that preachers, merchants and editors are enterprising and willing to work to get roads if they will work at nothing else.

Those interested should remember the teams are the greatest object though one hundred men for a little while could do fine work ditching and helping load.

The burden seems to be on three men's shoulders so far, but it won't stay there a week, there are a dozen more men just as liberal, we know them. All good roads men too.

It will not be a turnpike this year but the Clay City and Spout Spring road will be the best dirt road ever seen in Powell county and too with the least expense to the county.

H. F. Christopher with his team came Friday morning to help on the good roads, as did Wm. Edge. No further help coming it was taken a mistake had been made. Due credit is due them just the same.

T. S. McKinney overseer for the Estill section of the road is co-operating with the association in his section, by warning in all his hands to fix the worst mud hole on the road Friday. He will not let up at this we assure you.

Elder McIntosh doesn't plead the cause of ministry when it comes to road working and it is he that is responsible for cutting

down the worst hill on the road. He won't agree to any other kind of road but the best, well, we guess he is right again.

Every day in the week is the set time to work on the hill, one or two teams will work any day another team will come and help. Hands to do the shoveling are hired and always ready when the teams are there. If you have a team and want to work come on any day. You will find help.

Our motto for road bed:

Sixteen feet wide,
High in the center,
A ditch on each side,
Not a mudhole in winter.

Mr. and Mrs. Joe. Burgher of Richmond, are visiting Mr. and Mrs. S. G. Baker at Vaughn's Mill.

Mr. W. F. Patton is very low at this writing.

Mr. Strawder Merrill is selling out for to go to Indiana to reside.

Mr. Turner Smith and family visited Mr. Milt Potts and family Sunday.

Mrs. Sarah Adams and Mrs. Tempie Todd visited Mrs. Paul Tipton Tuesday.

Mrs. Calhe Alexander, of this place has moved to the Cason farm on Black creek.

Misses Sallie Patton and Nettie and Sallie Todd visited Miss Stella Clemens Sunday.

Mr. and Mrs. Willie Smethers spent the day with Mr. and Mrs. J. W. Patton Sunday.

Misses Clara and Mandy Clemens of Virden visited their sister Mrs. Richard Adams Monday.

Mr. and Mrs. Walter Potts, Mr. and Mrs. Edd Martin spent Sunday with Mr. and Mrs. D. D. Potts.

STANTON.

Miss Bettie Hardwick is quite sick with the grip.

There has been several suits filed in the Circuit Court and it promises to be one of the best terms held for years.

Our sheriff and deputy reports that they have all court matters executed and are ready for the great wheel of justice to turn in March.

Stephen Burgess was tried before Judge Hardwick Monday for shooting at Pearl Pelfry without wounding him, and was held to the grand jury in a bond of \$200.

There seems to be an onward move in regard to good roads in Powell, and we do trust that every citizen of the county will be a committee of one to the improvement, it is good for all.

The protracted meeting closed Sunday night with 31 additions. Brother Combs is a great revivalist and has left the Church in a better condition spiritually than it has been for years. Combs says that any old drunken sot can be a sinner but it takes a man to be a Christian.

The court room was crowded with witnesses from the north side of the river at Clay City with complaints of riots and breach of the peace, but upon investigation the guilty parties had been set upon by Judge Adams in the sum of \$8 and the trimmings, hence no trial could be had.

There has been a suit filed by

the Consolidated Casualty Co. against the preferred creditors of Wm. Bowen, Jr. in the Circuit court asking the court to make about twenty persons whom Bowen had paid his private personal debts to, out of the county's money, pro rata back with the plaintiffs who are Bowen's surety on his official and revenue bonds for the year 1910, to the tune of about \$4,000.

Truly yours,
Whiz.

SPOUT SPRING.

Jack Spratt's Platter.
Jack Spratt would eat no fat
His wife would eat no lean,
So betwixt them both
They ate one goat,
And licked the platter clean.

And speaking of platters reminds us that a great many families would like to have a new platter to decorate the table with, and we are going to tell them how to get it.

The American Farmer, published at Indianapolis, is giving away a beautiful Violet Dinner Set free, including a Jack Spratt Platter—while they last—to a certain number.

This Violet Dinner Set is of fine grade, light in weight, very tough and durable. It is snowy white in color and has a genuine china glaze, giving the set a smooth and velvety appearance. The shapes are latest Haviland design, with deep, scalloped edges, handsomely ornamented with scroll work. Each piece is decorated with a beautiful

cluster of violets, with flowers and green leaves in natural colors. Each piece also has an elaborate semi-border of vining sprays in gold—all baked in and glazed over so that the decorations are in no way affected by wear or washing, and will be found just as bright and attractive after years of service as at the time we send them to you. Every piece is perfectly made, very handsome in design and finish. It will be a beautiful surprise when you see it.

Any reader of this paper who sends 5 two-cent stamps or ten cents silver to the American Farmer for three months' subscription can learn how to get this handsome Violet Dinner Set free. Address American Farmer, Indianapolis, Indiana.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Others of the mountain editors attended the initial meeting of our press association at Jackson Monday while the Times editor was busy materially aiding in the construction of a short piece of model road.

Virgil Rose attended the Kentucky State Farmers' Institute at Mt. Sterling last week. He returned greatly enthused with interests there introduced and will take up farming along the scientific methods. We need more such young men in the county as that is the only hope for a successful building up of the county.

Has Millions of Friends.

How would you like to number your friends by the millions as Bucklen's Arnica Salve does? Its astounding cures in the past forty years made them. Its the best Salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. Has no equal for piles. 25c at Swann-Day Lumber Co.'s store.

Something for Your Children.

Talk about leaving something for your children then refuse to provide the county with good roads. What, in the way of an inheritance, can you leave them that will add more to their comfort and enjoyment, as well as prosperity, than good roads, good schools and an established reign of law and order?—Jackson Times.

Attacks School Principal.

A severe attack on school principal, Chas. B. Allen, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Thousands bless them for curing stomach trouble, female complaints, kidney disorders, biliousness, and for new health and vigor. Try them. Only 50c at Swann-Day Lumber Company's store.

Sentiment Growing.

The sentiment in favor of good roads is undoubtedly growing and nothing can broaden this sentiment more than the State press standing shoulder to shoulder and shelling the woods. Another good omen is to see candidates for the legislature coming out and taking a stand on this question, and the people should not support a legislative candidate unless he will pledge himself to support such a movement.—Providence Enterprise.

A Fierce Night Alarm

is the horse, starting cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin, of Manchester, O., [R. R. No. 2] for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved want a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes
well, and gives them freedom from pain.
It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. Where Prohibition Prohibits.

The Kansas State Prohibitory Law went into effect May, 1881. For over twenty-six years the people of a State 400 miles long and 200 miles wide have lived under a law which makes it a felony to manufacture and sell intoxicating liquor as a beverage.

The results of this law may be summarized up as follows:

(1) Prohibition is a success over the entire State. That is, the law is enforced and obeyed in five-sixths of the State as any other law.

(2) Any liquor business in the State is criminal, and is so regarded by the people. The liquor dealer has no social, religious or political standing in the community.

(3) When the law was passed in 1881, the brewers brought suit against the State to recover compensation. In a test case they lost their suit, and the United States Supreme Court declared them not entitled to recover damages, and they never received a penny.

(4) Prohibition has reduced pauperism to a minimum. Kansas has fewer than 1,500 paupers to a population of 1,600,000. Eighty-seven out of a total of 105 counties have no paupers. It cost less than \$150,000 a year to care for the destitute people of the State.

(5) Crime has decreased more than one-half under prohibition. The five State prisons in Kansas are entirely empty. State has decreased its prison population.

by without a single case in the criminal courts.

(6) The law has educated the young people to regard the aversion the social habit of drinking. It is not considered reputable to drink even moderately. Drunkenness itself is rare. A drunken woman in the streets of Topeka (a city of 50,000 people) would be a sight so unusual that business would be suspended to look at her.

(7) The different church denominations have united on the prohibitory law. In very many towns the church members hold the balance of political power at election, and elect all the city officials.

(8) The working men of Kansas, for the most part, the best fed, best clothed, and best paid working men in the world, largely on account of the prohibitory law.

(9) The newspapers of Kansas are overwhelmingly in favor of the law. Out of 805 papers published in the State, only 15 ever print any liquor advertisements.

(10) The great majority of the people in the State believe in the law. The ministers and church members of all denominations, the 10,000 school teachers, the best business men, the chief justice of the supreme court, the governor, the attorney general, the editors of the most influential papers—all believe the prohibitory law is one of the best laws Kansas ever had.

America has over 23,000,000 people who are living under local option and prohibitory laws. The Temperance legislation is making fast headway all over the country. The South is rapidly becoming prohibition through local option. The Anti-Saloon League is doing magnificent work through the Church. It is the Church in action. The liquor men in America are very much alarmed over the situation. Many of them predict that their business will be gone inside of a quarter of a century.

The only solution for the public-house is no public-house. God save the people!—Exchange.

The census reports show that the different States vary very much in density of their population. Rhode Island, the most thickly settled, has 508 inhabitants to the square mile, while Nevada has less than one person to the same area. Kentucky has 57 to the square mile, which gives every man, woman and child in the State something over eleven acres on an average. We shall not starve for a while from overcrowding.

The railroads of Kentucky earned \$17,000,000 during the last year, according to a statement of receipts and expenses compiled by Roy Wilhoit, rate clerk for the Railroad Commission at Frankfort. The total earnings of the railroads were \$46,778,004. The operating expenses were, \$29,281,165. The freight earnings were \$34,208,792 and the passenger earnings \$9,089,204, there was a gain over the preceding year of \$3,000,000.

One way to get up with the trusts is to boycott them. Buy nothing from them when you can buy it from others. Some people will abuse the trusts for everything good and bad and then pay more for a trust article than they can buy the same thing from a manufacturer in a neighboring city.

Nervous Women

For nervous, tired women, we recommend Cardui. Cardui is a woman's medicine. It acts specifically on the female organs and has a tonic, building effect on the whole system. It contains no harmful ingredients, being a pure vegetable extract. If you suffer from some form of female trouble, get Cardui at once and give it a fair trial.

TAKE CARDUI

It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down pains, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

CYRUS L. ADLER The Piano and Organ Maker

I'll Trust You

The Nightingale of Organs

MIDDLEMEN WIPED AWAY

I've busted the whole bunch of the dealers, agents and middlemen of this country by selling direct to the homes at the same price they formerly paid me for my organs.

SEND ME YOUR NAME

Whether you want to buy or not and I'll send you free of charge and postpaid the most wonderful organ book and buying plans you ever saw. All the organ men in this country claim they make the best organ but do not give you any proof. I do, and here is the proof. I own my own timber lands, saw mills, dry kilns and factory. I do not have to pay one penny of profit for lumber or milling. The profit that other manufacturers pay to lumber and saw mills, I put into my Adler Organs. (The Nightingale of Organs). That's the reason my organ is better than any other make. Another proof: I guarantee my organs for 50 years, whereas others guarantee theirs for 10 to 12 years. Don't this mean something? My selling plans are the fairest, simplest, safest and easiest ever placed before the American public. In that I grant my customers all the time they want, arrange their payments as it suits their income and circumstances, give them reasonable extensions of time if they can't meet their payments and charge them no interest. Ask a me of your neighbors who dealt with me about this. That's the best proof you can get. I would just as soon give you \$1,000 to sell if you can duplicate this proposition.

MY ORGAN (THE NIGHTINGALE OF ORGANS)

has a tone nearest to the human voice, a pure singing tone that lasts a life time and it won't the highest price in the St. Louis world's fair, another proof my organ is a the best. Everybody is buying an organ these days and everybody is buying an Adler organ. It's a high quality, wearing quality, standard reputation. I'm selling them for less than any other agents are selling cheaper grade organs and when you stop to think and realize that when you buy from one of these middlemen you must pay his profit, time, salesman's salary, store rents and other expenses, my offer means a whole lot of standards before you as the kind of money savers. My world's greatest organ factory is working day and night, grinding out the organs ordered, and this condition was brought about by the fair and liberal treatment I landed out to my customers, now numbering over 75,000. Whenever I sell an Adler, it sells a dozen more and so on indefinitely. They've stood the test and always will. Quality always wins out.

75,000 ADLER OWNERS SAVED \$2,625,000

Before I sold direct to the homes at wholesale factory prices, as I am doing now exclusively, I used to sell to dealers only. But when I found out that they sold my organs for twice and three times as much as they paid me, making the poor people bleed for it, I was thunderstruck and quit. I sent out thousands of notices telling them they couldn't buy another organ from me, that I meant to sell direct to the homes, saving them the enormous, unreasonable profits and expenses they were charging them. This came to them as a thunder-bolt from a clear sky. In round numbers I've saved my customers (over 75,000 of them) at least \$2,625,000, all of which would have gone to the dealers had I sold the organs through them. You surely appreciate what this means.

NOW MY PROPOSITION TO YOU

Is simply this, I will ship you, on 30 days free trial, any organ you want, on any reasonable terms you choose, just as if you were buying it from me. I'll charge you no interest on your income and circumstances. If you keep it at the end of the trial period, which I know you will, you can pay all cash or a small sum down and the balance monthly, quarterly, semi-annually or any other reasonable way. If at any time you can't meet a payment when it's due, I'll gladly give you a reasonable extension of time. You shall not inconvenience yourself by buying an Adler, for I'm going to make it the easiest purchase you ever made. I'll charge you no interest on other organs you are doing. If you don't keep my organ because it's not as represented, you can ship it back at my expense and I'll pay you every cent you paid for freight, so you will lose absolutely nothing. Furthermore, if at any time within a year, my organ does not hold up to every claim I made, you can ship it back at my expense and I'll return to you every dollar of the purchase price with 5 per cent. interest and all freight paid. I can agree to do this because I know how my organs are made and positively know they always make good.

50 YEAR GUARANTEE

I guarantee all my organs for 50 years, something no other organ man will do. My guarantee book is the strongest ever written and if you will ask your banker or any of my local banks or the editor of this paper as to my reliability, you will be told that I am as sound as a rock, that you can safely enter into any transaction with me and that all of my dealings are on the square. Send your name for catalog and buying plans. You will be under no obligation whatever. Steel and lacquer look good with every organ.
